Biological Studies

2ND ANNUAL

RISING STARS

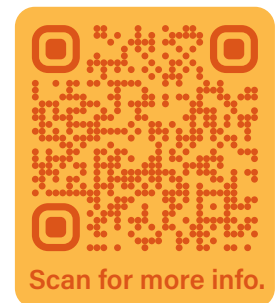

S Y M P O S I U M

May 13–14, 2025

We are pleased to announce the second annual Rising Stars Symposium at the Salk Institute for Biological Studies. This symposium is intended to recognize the accomplishments of outstanding postdoctoral trainees in the scientific workforce and to develop novel opportunities to increase the diversity of faculty at the Institute.

Selected participants will be invited to the Salk Institute and have the opportunity to:

- Present their novel research in a symposium setting and interact with colleagues who are at the forefront of their respective fields.
- Engage with and meet Salk scientists and be paired with a Salk faculty member for mentorship following the symposium.
- Learn more about Salk, ongoing developments at the Institute, and upcoming faculty recruitment opportunities.

Applications Due: January 10, 2025
